Introduction

ASTRA MILAN LTD is an EPCIC (*Engineering, Procurement, Construction, Installation & Commissioning*) company that is committed to a high safety culture in service delivery in the Oil and Gas Sector and general Engineering construction works of the Nigerian Economy and maintains global quality standards.

Overview of our company's activities are **engineering, construction, infrastructural developments, marine logistics, oil field services, pipeline works, dredging, piling, environmental, and management services onshore and offshore oil field services**. These activities are backed up technically by highly motivated and experienced personnel.

Our company has all the statutory documents establishing it as a truly local content compliant Nigeria company. To undertake any contract works the company is tooled up with state-of-the-art equipment and construction facilities which are irresistible to any client that lays emphasis on safety, efficiency and quality.

ASTRA MILAN LTD will always respond to your call to provide expected solutions to your environmental, and construction problems in an unbelievable reaction time. We are poised to deliver services safely and timely to exceed our clients' expectations.

We are fully registered with relevant oil and gas statutory & regulatory commissions like **NUPRC, NiPex, NOSDRA, NCDMB, COREN, & ISO 9001:2015** with their respective permits. We are also registered vendors at **RENAISSANCE** (formerly **SPDC**), **SEPLAT, NGC, & NNPC (Exploration & Production) with SAP#: 70046062**.

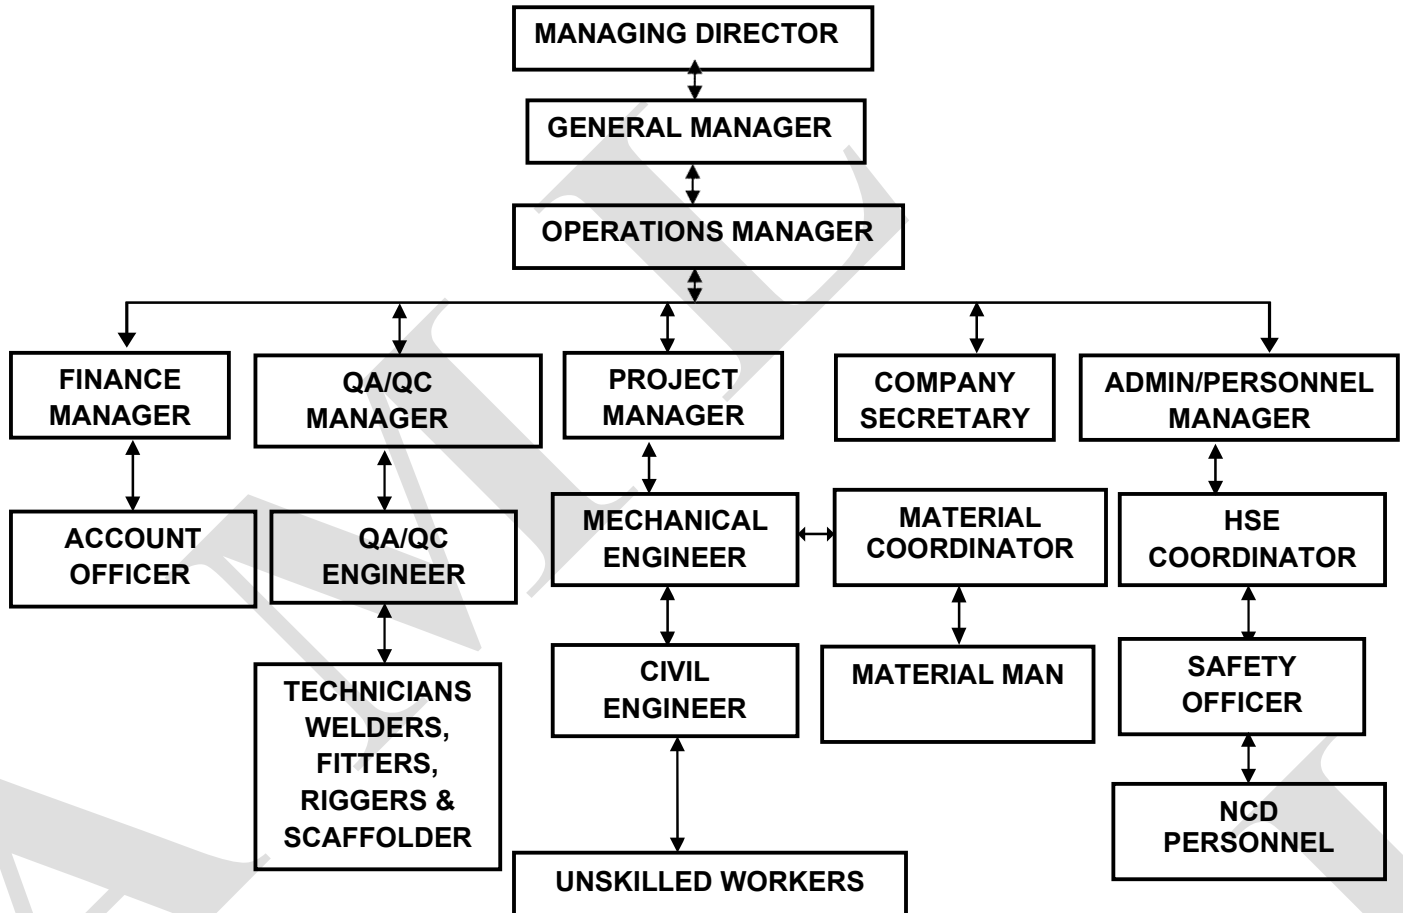

MISSION STATEMENT

To deliver services of global quality while remaining the best EPCIC company with industry best practices.

OUR VISION

“We aim to improve on our best practices in meeting and exceeding customer’s expectations. Our core competencies in Engineering, Procurement, Construction, Installation & Commissioning maintained with absolute integrity”

ORGANIZATIONAL CHART

4.0 OUR SERVICES

ASTRA MILAN LTD has a vast experience in the following areas of Engineering and construction service.

❖ PROJECT MANAGEMENT SERVICES

Project Management is the application of knowledge, skills, tools and Techniques to projects in order to meet or exceed clients' needs and expectations. This is the bedrock for any successful project execution.

Our expertise in project management techniques entails the employment of Total Quality Management for every project. This includes;

- Project Integration Management
- Project Scope Management
- Project Time Management
- Project Cost Management
- Project Quality Management
- Project Human Resources Management
- Project Community Management
- Project Risk Management
- Project Procurement Management

❖ WATER FACILITIES ENGINEERING/MAINTENANCE SERVICES

Our services in this area cover but not limited to the following:

- Geological feasibility studies and Engineering Designs
- Water borehole drilling and Well development services
- Construction of Water Treatment Plants
- Rehabilitation of Water Treatment Plants
- Provision of Mechanical Plumbing services
- Provision of Air Compressors and Accessories for Well development/Maintenance
- Provision of Solar Power for Surface and submersible pumps

❖ CIVIL, BUILDING and CONSTRUCTION ENGINEERING

Our services in this area cover the following;

- Design, Land Surveying and Photo-geometry Services
- Construction of Drilling Sites, Access Roads and Earth Stabilization
- Construction of Residential and Industrial Buildings
- Construction of Surface/Underground Drainage Systems & Manholes
- Construction of Underground and Over head Tanks/Water supply system
- Construction of Concrete/Steel Jetties and Quays

- Construction of Concrete Hard stands & Warehouses
- Construction of Bituminous and Asphaltic Road networks
- Land Reclamation and Construction of Pile foundations
- Dredging and Sand-filling services

❖ **MECHANICAL and STRUCTURAL ENGINEERING SERVICES**

❖ **ASTRA MILAN LTD** has seasoned professionals who have had vast experience in Mechanical and Structural Engineering Services. These services include but not limited to the following;

- Welding and Fabrication
- Corrosion Control Services
- Fabrication and Installation of Steel Structures

❖ **WELDING AND FABRICATION WORKS**

❖ **ASTRA MILAN LTD** is involved in the following aspect of Welding and fabrication works

- Construction and Laying of Oil and Gas Pipelines /flowlines
- Fabrication of Pig Launchers, Receivers, Skids and Metering Units for Oil & Gas facilities.
- Design and Erection of support structures for process industries
- Design and construction of Tanks and plumbing Systems
- Construction of Manifolds and Platforms
- Fabrication of Production Jackets and Deck Platforms

❖ **CORROSION CONTROL SERVICES**

ASTRA MILAN LTD is involved in the following aspect of corrosion control services;

- Blasting of corroded Structures/facilities
- Painting of Flow Station Structures and Facilities using Epoxy Paints/other Corrosion Control Paints
- Design and Installation of Cathodic Protection System
- Pipeline cleaning/Integrity services (Pigging& gauging)
- Corrosion monitoring services

❖ **OIL FIELD MECHANICAL MAINTENANCE WORKS**

ASTRA MILAN LTD is involved in the following general maintenance of Oil Flow station Facilities and Mechanical equipment:

- Compressors
- Vessel Inspection, Hydro pressure testing and vessel Draining/cleaning
- Removal of Sand, Sludge, etc. from pressure vessels/tanks
- Relief Valves change out/replacement and installation
- Generators
- Boilers and Heat Exchangers
- Central A/C Units (CHILLER UNITS)
- Cranes

- Pumps

❖ **ELECTRICAL AND INSTRUMENTATION ENGINEERING**

Here, our services include:

- Design and Interpretation of Electrical Engineering design
- Installation and maintenance of Process control & Electrical Equipment, i.e Generators, Instrument control Panels, Battery System, etc
- Cathodic Protection, Installation & Maintenance
- Industrial and Domestic Cabling & Tubing projects
- High Tension Power Routes Construction & Rural Electrification projects
- Construction of Power Huts and System Hook –ups
- Installation of Earthing System, Power and Earthing System Auditing,
- Inspection, Testing and Commissioning of Electrical & Instrumentation installations

❖ **FIRE AND SAFETY ENGINEERING**

Here, our services include:

- Feasibility /investigative studies on designed structures to be created
- Design/Installation of Fire Water & Alarm Systems
- Fire Materials/Equipment Procurement & Installation
- Fire Trucks/ Rescue Vehicles Procurement
- Installation of Electro-Safety System such as:
 - (i) Fire alarms, Automatic fire and smoke detectors
 - (ii) Firefighting equipment-Automatic Sprinklers and Extinguishers.
- Maintenance/Inspection of Fire equipment,
- Training/Commissioning

❖ **TELECOMMS /DATACOMMS ENGINEERING**

The main area covered by our operations are as follows:

- Installation of Structured Office/Underground Cabling and conduit System
- Preparation of Tele/Datacomms Rooms, Installation of Computer Raised Floors and Equipment, PABX, Local Area Networking, PC Procurement, and Installation/
 - De-installation & maintenance
- Installation and maintenance of Satellite TV System in both Land and Swamp/offshore locations
- Installation/maintenance of Masts and Towers for Data/Telecoms Transmission systems.

❖ **CONSULTANCY SERVICES**

BIDS AND TECHNICAL PROPOSALS PREPARATION

Here, our services include:

- Feasibility studies & preliminary Design for proposed projects
- Preparation of Tenders/Technical Bids Documents for Companies,

- Preparation of Technical Responses for Companies
- Preparation of Quality Assurance and CASHES cases
- Preparation of Project Quality Assurance CASHES Plans

❖ **FOREIGN COMPANIES' REPRESENTATION/BUSINESS DEV. SERVICES IN NIGERIA**

Here, our services include:

- Representing and providing Administrative and Technical Support services to companies Not having operational bases in the Nigeria.
- Companies Corporate Registration with the Federal Government of Nigeria, Chambers of Commerce, Department of Petroleum Resources and Oil Companies
- Community Relations Management & Sub-Contracting Consultancy,
- Recruitment of requisite Local Technical & Administrative personnel to Fit companies' operations

❖ **ENVIRONMENTAL RESOURCES MANAGEMENT SERVICES**

Here, our services include:

- Industrial/Domestic Waste Management
- Pollution Control and Compliance Monitoring
- Environmental Impact Assessment ,
- Ecological Sensitivity Assessment and management ,
- Control & Rehabilitation of Negatively Impacted sites,
- Providing Environmental Information for sustainable development

❖ **RECRUITMENT SUPPORT SERVICES**

Increasingly, companies are on the look for hybrid personnel who have good technical Business knowledge and effective management skills

Our services here include:

- Recruitment of requisite personnel to fit company operations,
- Skills audit to identify skill gap and lapses,
- Career development to help organizations plan the career path for their staff and offer necessary training ,development and exposure,
- Organizational arrangement/structuring for maximum productivity profitability and effectiveness

❖ **HEALTH AND SAFETY MANAGEMENT SYSTEM SERVICES**

Here, our services include:

- Provision of H .S .E Facilitators/officers
- Project site Inspectors
- Preparation of H.S.E .S Policies and manuals
- Manpower development (HSE Training services)
- H.S.E Appraisal and audits

- Accident/incident investigation

❖ **QUALITY ASSURANCE AND QUALITY CONTROL**

Our Quality Assurance and Quality Control Consultancy Services include:

- Provision of QA/QC Engineers and Inspectors
- Provision QA/QC &NDT Consulting
- Preparation of Pre-mobilization Quality Plans
- Project Quality Management
- Project Site Monitoring, Inspection and Audits.
